

Recommendation for Melissa Barker

Melissa has been an asset to Siber Systems since day one. She not only kick started our social media efforts, but is always willing to help with any area of marketing. As for social media, Melissa is an expert. She has educated myself and our staff not only to the many benefits of social media, but also how to apply social media strategies in an effective and practical manner. She's passionate about the subject and that passion has been applied in her work here. She has a thirst for knowledge and is constantly bringing-up new ideas and technologies to improve and expand our efforts. Melissa's a highly motivated self starter and has already taken on several additional responsibilities at Siber. I would recommend Melissa anytime.
